

# LET'S GET REAL

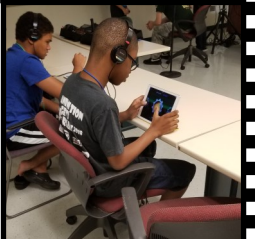

## Getting Ready to Premier

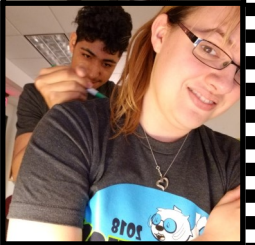

Friday is a bittersweet day. It's the last day of camp but at the end of the day, we get to show off all of our hard work. Throughout the week, we have all been working very hard on our music and animations and in the afternoon, we get to share all of our creations with our families at the showcase.

In music, we finished up our original tracks and began working on a second animated voice over project. We will be sharing these at the showcase now that Dr. Randles has them put together.

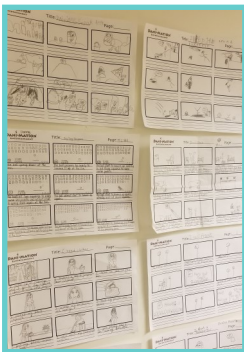

As we finish up our animations, Ms Dani helped us find the online tutorials for Harmony on ToonBoom so that we can continue animating at home. We also had the opportunity to preview the reel that will premier at the showcase. We also went around the room to sign our Animation Gets Real 2018 shirts, as a memory to the friends we made this week.

## Welcome to Showcase!

We were so excited to see our families on Friday afternoon for our showcase. Ms Dani and Dr. Randles picked the best pieces of our work from the week to showcase them to our families. If you missed the showcase, don't worry! Ms Sandy recorded the entire show and you can find it [here](#) on the Animation Gets Real Facebook page.

Our original storyboards on display

The audience gathers for the show

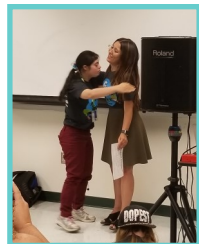

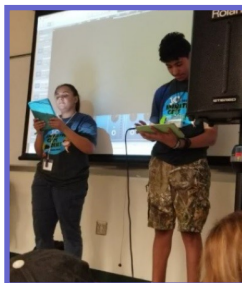

An original song

Ms Wendy opens up the show

The iPad Improv Band

Certificates...and Hugs!

VSA is so grateful to the USF College of Education for hosting us this week and to Dr. Clint Randles, Ms Dani Bowman, and Ms Sandra Vielma for teaching us their arts! See you next year!
